**Brief Report :** Medical camps held in colleges offer a bunch of benefits for both the students and the wider community. College students, especially those staying away from home, might face challenges in accessing regular healthcare due to busy schedules, financial constraints, or lack of familiarity with local doctors. Medical camps provide free or low-cost checkups, consultations, and sometimes even medications, making healthcare more accessible. Medical camps often screen students for common health issues like dental problems, vision issues, or blood pressure. Early detection can lead to timely treatment and prevent complications. In view of these benefits a medical camp has been organised in the college. Principal Dr.P.J.S Kumar garu, Vice-principal Dr.M.Sivanathgaru, Teaching and Non-teaching Staff and Students Participated in Medical camp

**Programme Name:PLANTATION AND CLEANING COLLEGE in COLABRATION WITH NYKS**

**Date:12-NOV-2021**

**Brief Report:**Tree plantation in a college campus offers a multitude of benefits, impacting both the environment and the college community itself. Trees absorb carbon dioxide, a major greenhouse gas, and release oxygen, creating a cleaner and healthier environment. Trees act as natural filters, removing pollutants and dust particles from the air, leading to better respiratory health for students and staff. A clean college reduces the spread of germs and bacteria, which can help students and staff stay healthy and avoid missing classes due to illness. This is especially important in close quarters like dorms and classrooms. Studies show that students find clean and organized spaces less distracting, allowing them to focus better on their studies and be more productive during lectures and study sessions. In view of these benefits college has organized an event in this direction. Secretary and Correspondent Sri. K.S.Appa Rao garu, Principal Dr.P.J.S Kumar garu, Vice-principal Dr.M.Sivanathgaru, teaching Staff and Students have participated in this event.

**Programme Name: 75th Independence Day**

**Date:15/08/2022**

**Brief Report:**

Students of AkkineniNageswara Rao College, Gudivada performed cultural programmes on Independence Day. Some feel that just waving a national flag doesn't make one patriotic. We don't know how hard the freedom fighters fought to liberate the country. The flag of a nation is its symbol. The tricolour represents several ideals for which our forefathers fought valiantly with the British. A kind of patriotic fervour is being recreated by making students enact such group activities

**Programme Name: Plantation Program under KalpTaruh Project by Brahma Kumaris**

**Date: 09/11/2022**

**Brief Report:**

**KalpTaruh** is KalpTaru + Ruh – This term is a confluence of 2 objectives, Taru Means Tree in Hindi and Ruh means the Spiritual Energy/Being/Spirit that functions through the body.

Trees symbolize many spiritual values, for example, the Banyan tree is known to be a symbol of abundance, whereas the Peepal tree is known to be a symbol of respect & sacredness. Similarly, inherent to every soul is a spectrum of virtues, which if brought into practice makes life- blissful, relationships- harmonious, teams- effective, society- just, environment- clean and healthy, and the world- perfect and glorious. The project aim to combine the sacred process to nurture a tree as well as the soul through values.

Plantation Program under KalpTaruh Project by Brahma Kumaris has been organised in ANR College on 09 November 2022 and all the NCC Cadets have participated in the plantation process.
